CDE
CENTRE FOR DEVELOPMENT
AND ENVIRONMENT

VACANCY

As an interdisciplinary centre of the University of Bern, the Centre for Development and Environment (CDE) has the mandate to foster research, implementation, and teaching concerned with sustainable development and global change, together with its academic partners in the global North and South.

We are looking for a scientific collaborator for an accompanying research project on interdisciplinary research in the NRP72. The proposed accompanying project aims to investigate features, challenges and opportunities of interdisciplinarity at the level of individual research projects, and the entire programme. The research intends to provide insights, which help the NRP72 Steering Committee to support further implementation of interdisciplinarity in the programme and conceptualizing the synthesis process.

Scientific collaborator on Interdisciplinarity in research on antimicrobial resistance

DUTIES

- Development of the methodological and conceptual framework
- Conduction of semi-structured interviews with programme and project representatives
- Contribution to focus group discussions
- Design of short online survey
- Documentation and evaluation of data, and formulation of recommendations
- Writing of report/publication

REQUIREMENTS

- PhD (or MSc with corresponding research experiences)
- Experience of evaluating and/or conducting interdisciplinary or transdisciplinary research projects or programmes.
- Experience with qualitative and/or quantitative methods of social sciences
- Knowledge of science studies, literature on inter- and transdisciplinary research
- Structured and service oriented working mode. Flexibility to respond to needs of the NRP72. Teamplayer, as well as autonomous working mode
- Excellent English language skills, German is an asset

WE OFFER

- A stimulating work environment in an international, multicultural context at the interface of academic research and development cooperation
- Part-time employment with flexible working hours
- A workplace near the train station
- Salary and benefits subject to the cantonal regulations of the University of Bern

DETAILS
